

Thank you for your interest in The Ginny Lee Café at Wagner Vineyards as a venue for your special occasion.

Wagner Vineyards is a family owned and operated business, originally founded by the late Stanley "Bill" Wagner. His philosophy had always been that wine and food are a natural and enjoyable combination. One of his original concepts for the winery was the addition of a restaurant where people could be introduced to the affinity of wines and food. A natural step in the evolution of the winery was the opening of The Ginny Lee Café in 1983, which is named for his Granddaughter Ginny.

Availability: Designed with the vista overlooking our vineyards and Seneca Lake, The Ginny Lee Café is the perfect setting for your special occasion. The contemporary design of the large dining area with its rustic cathedral ceiling and vast expanse of windows provides a warm and inviting atmosphere at any time of the year. During the warm spring, summer and fall months your guests will have full use of our large outside deck area.
